About fund

The Chornobyl disaster is not a local tragedy only for Ukrainian people, but a global catastrophe of our present day!

More than 200,000 km² were polluted. Tens of thousands has died only among liquidators. 10,000 of births were reported in Europe with pathologies in newborns. 10,000 cases of thyroid cancer and another 50,000 are still expected. According to the data of organization "Chornobyl Union", 10% died and 165,000 became disabled out of 600,000 liquidators.

Our Charitable Foundation aims to join forces to help anyone who has suffered in this disaster.

We work with a wide range of philanthropists, partners and donors, attract volunteers.

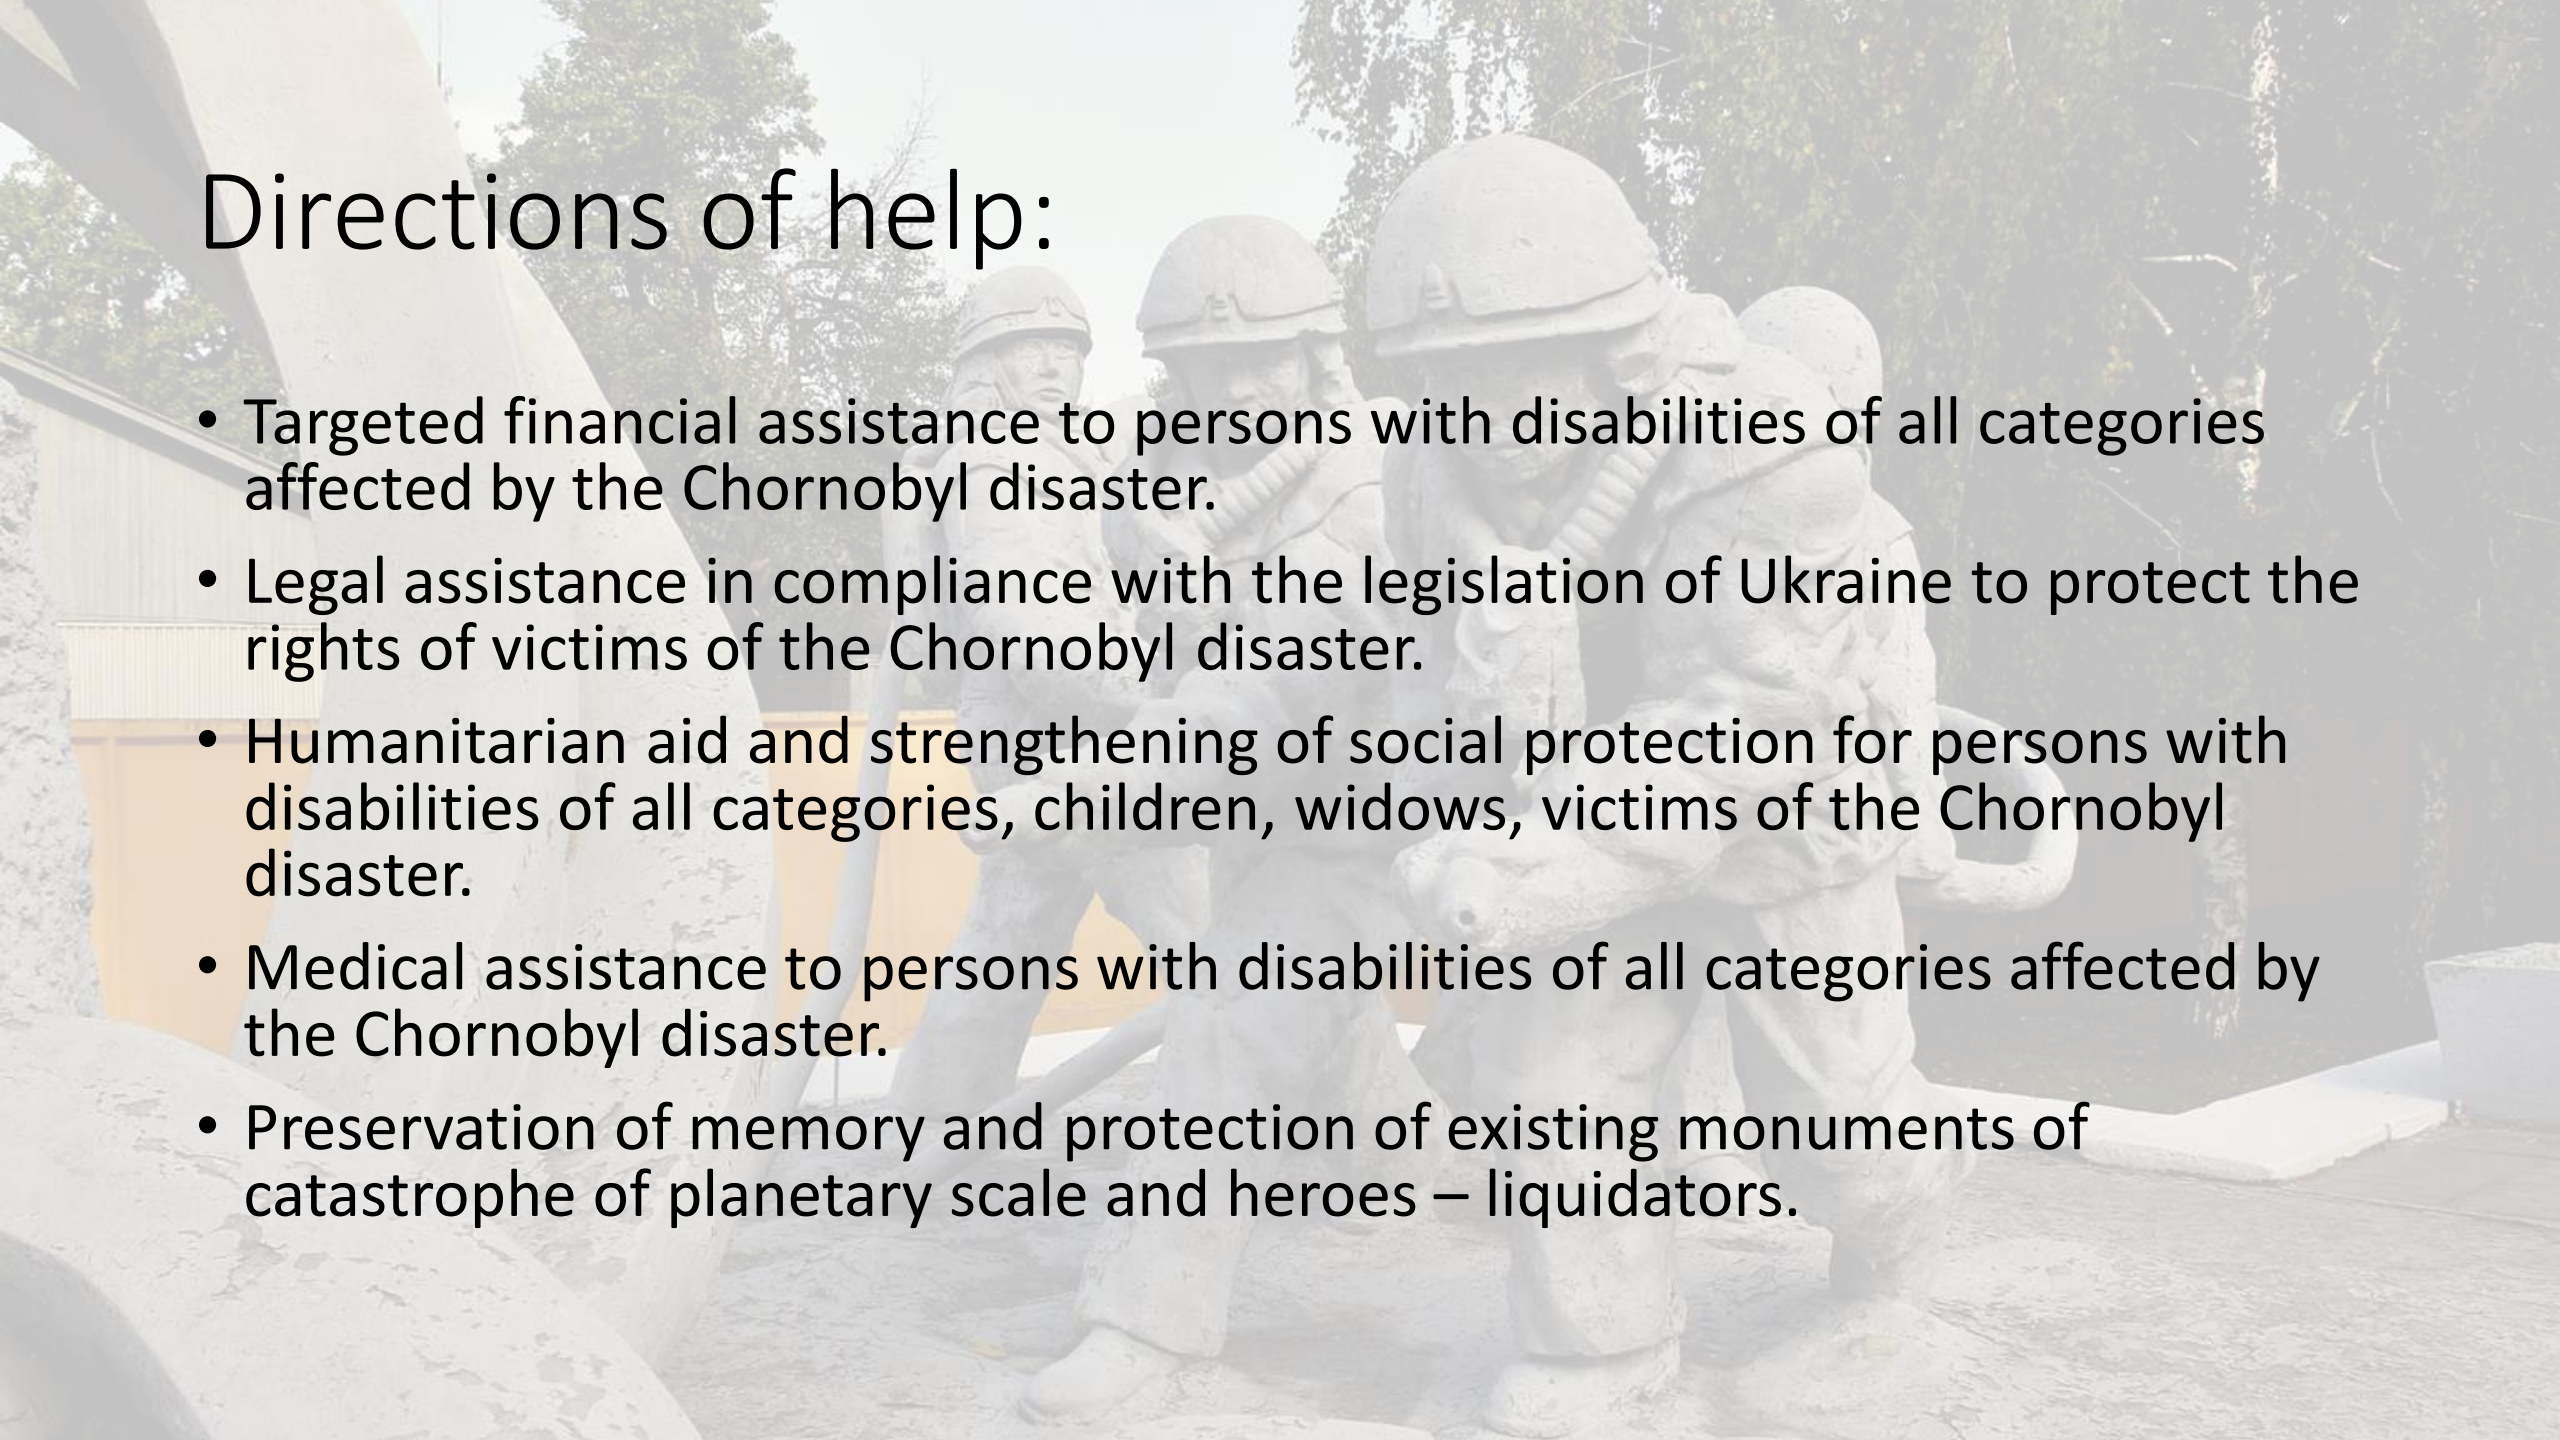

We connect those who want and can help with those who need this help.

We keep in focus people, each with their own touching history, their own emotions and broken fates.

We take care of the people involved in eliminating of Chornobyl accident and their relatives, because human life is the most precious thing on Earth!
